

# *The* OSI ORTHOPEDIC *Walk-In Clinic*

Immediate specialized care is provided for most new orthopedic injuries including:

- Falls, sprains & strains
- Dislocations
- Broken bones
- Sports injuries
- New joint/tendon pain
- Workers' Compensation injuries

This is a cost-effective alternative to the ER with less wait time, and right in a specialized clinic.

**HOURS OF OPERATION:**

Monday – Friday • 8:00 AM to 5:00 PM

**LOCATION:**

Inside the OSI Building on the 2nd Floor  
2105 E. Enterprise Avenue, Appleton

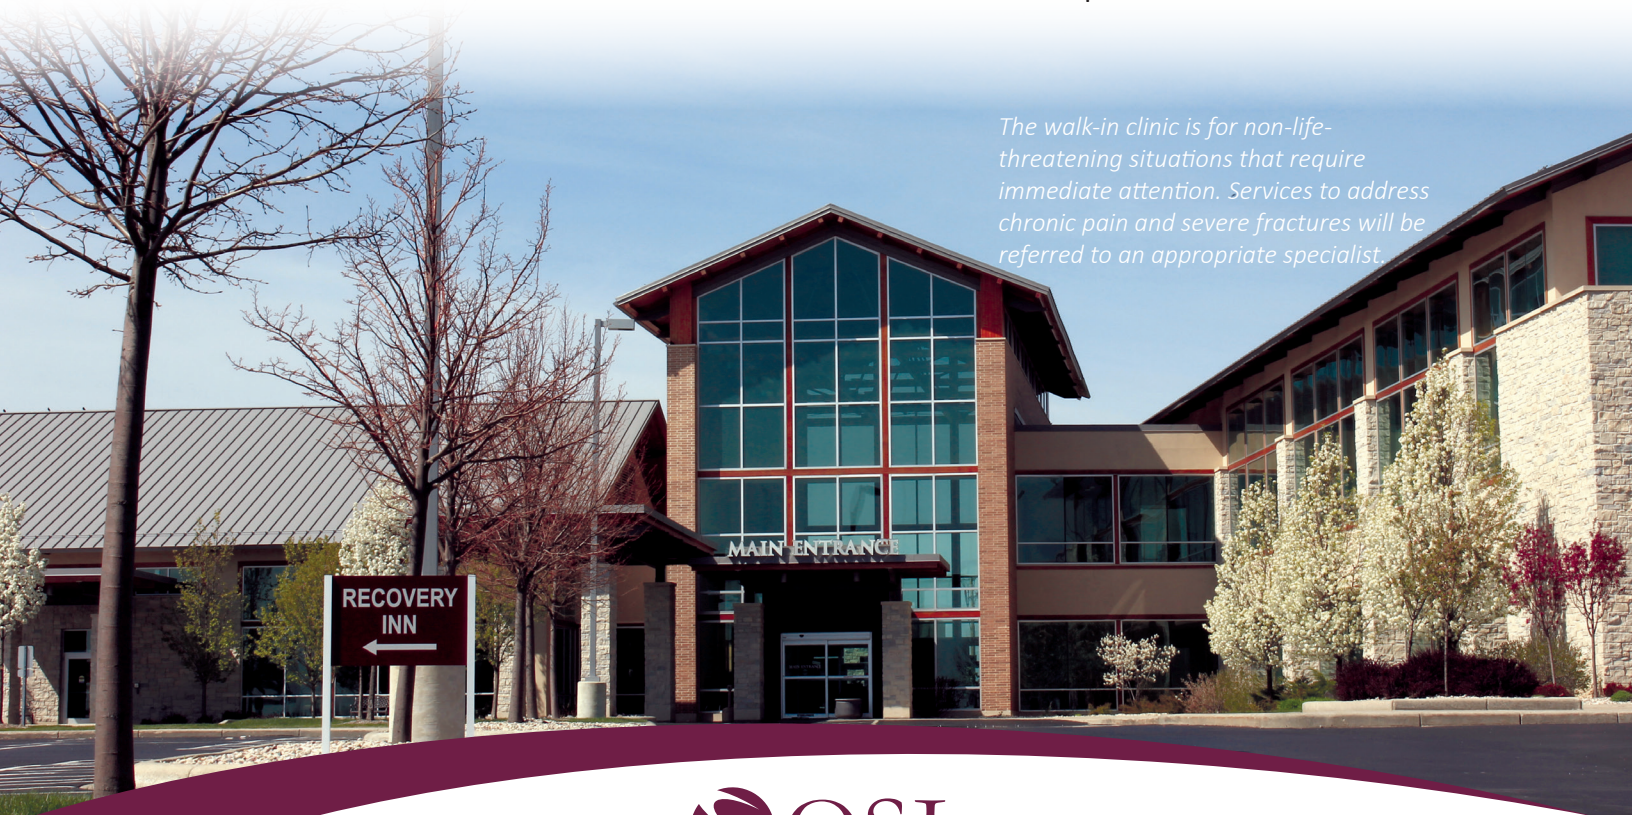

**PHONE:**

920.560.1199

**WHEN ARRIVING AT THE CLINIC:**

Please enter through the Main Entrance.  
Let the concierge know that you are here for the Orthopedic Walk-In Clinic.

*The walk-in clinic is for non-life-threatening situations that require immediate attention. Services to address chronic pain and severe fractures will be referred to an appropriate specialist.*

# The Best of Muscle, Bone, Spine, and Joint Care

Over a decade ago, the Orthopedic & Sports Institute set out to change the way orthopedics was delivered in the Fox Valley.

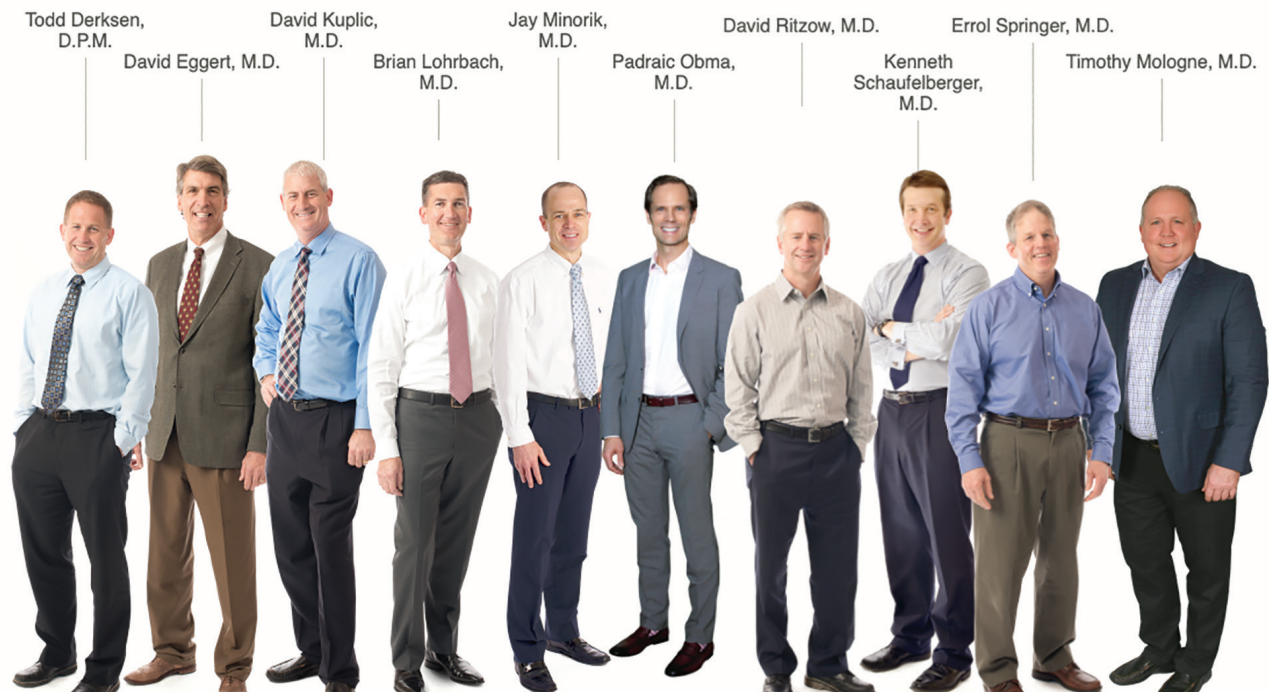

Understanding the importance of putting patients at the center of their own care, OSI designed an experience that brought together the best providers and comprehensive services under one roof.

Physician-led and patient recommended, OSI continues to innovate and leads the fight to make healthcare more affordable and accessible for all.
