

NOVO Health Bundled Payment Program

NOVO Health is a movement that will return control of health care to those of us who use it. And that means everybody. A platform that connects patients with high

quality providers, NOVO Health empowers consumers with what they want – the right care, in the right place at the right time. NOVO's independent providers give you priority access to the following health care services:

- Orthopedics & Spine
- Podiatry
- Women's Care
- Plastic Surgery
- General Surgery
- Dental, Oral Surgery, and Orthodontics
- Physical Therapy

Scheduling is easy, just one call to **833.361.6686** puts you in touch with a care navigator who can answer your questions and get you started right away.

NOVO bundles more than 100 procedures, with a set of services presented to you in a single, understandable bill – and a price known up front. Depending on your plan design, your employer may provide up to a \$2,000 cash bonus when you choose to have your procedure done at a NOVO Health Center of Excellence.

From start to finish, NOVO Health strives to make your experience much more than you have come to expect from health care. We believe, like you, that health care needs to be done better.

Benefits of NOVO

Priority access: Initial consultations within 48 hours*

**When medically appropriate.*

Many companies offer financial incentives to employees who select NOVO Health.

Bundled procedures – physician, surgery center, anesthesia – all provided in a single bill with a price known in advance

High quality care from NOVO providers who have voluntarily met extra quality standards

Limited warranty for most procedures

Care navigation to answer all your questions and guide your NOVO experience. Call 833.361.6686

**The NOVO Health app makes it easy to request an appointment with the specialist and facility that work best for you.
