### WINTER 2 PROGRAM SESSION:

**February 20 – April 9, 2023**

#### WONDERBUG DISCOVERIES (AGES 18 MONTHS- 3 YEARS WITH PARENT) (ACY)

This parent-child nature discovery program is highly sensory-based involving themed storybooks, songs, hands-on time, and outdoor time with exploratory walks through the Purdy Nature Preserve. Each week will focus on a different theme or topic in nature. A portion of each class will be held outdoors, weather permitting, so dress accordingly!

#### WAKE UP, EVERYONE! (AGES 3-5) (ACY)

Learn about the animals waking up from various forms of winter resting to welcome the coming spring, including bears, groundhogs, badgers, and chipmunks. Each class will have hands-on learning activities, stories and crafts to help your child explore the unique winter world of these animals. We'll spend some time outdoors during every class, so please dress for the weather.

#### OUTRAGEOUS OUTDOORS (AGES 3-5 YEARS) (ACY)

This exciting class gives your child a chance to learn all about the beauty and wonder of the natural world through hands-on activities, games, stories and crafts related to the nature theme of the week, as well as time outdoors exploring nature. Have your child dressed for the weather as a portion of this class will be held outdoors, weather permitting.

#### YOUNG EXPLORERS (AGES 3-5 YEARS) (ACY)

Use your senses to discover and investigate the wonderful sounds, colors, shapes, smells and textures of the natural world. Outdoor exploration time will be supplemented by stories, songs, games and crafts, with each week focused on a different topic in nature. Much of each class will be held outdoors, weather permitting, so dress accordingly!

#### LIVE ANIMAL CARE (AGES 6-12 YEARS) (ACY)

Drop your child off on the second Saturday of each month in the Nature Study Classroom to learn how we care for our classroom animals, including snakes, lizards, turtles, frogs, and fish. Help feed the animals, clean their tanks, and make sure they are living healthy lives.
