ONE-ON-ONE, DUAL AND SMALL GROUP PILATES REFORMER OR YOGA TRAINING (APY)

For students who want a focused practice, work with one of our specially trained Pilates Reformer or yoga instructors for a more customized experience.

A private or semi-private lesson can help to deepen your practice by exploring the fundamentals of yoga or reformer, specific breathing techniques, alignment adjustments and modifications.

Private or small group yoga training provides an individualized training wherein the pace is set to match your specific needs and goals.

The Pilates reformer takes all of the core building benefits of Mat Pilates and takes it a step further for a one-of-a-kind workout. The resistance of the strap and pulley system, allows people of all fitness levels to achieve an effective routine which improves posture, strength, and coordination. The bars and cables of the reformer allow exercise movement through a full range of motion, by providing assistance and resistance. The reformer provides a fluid resistance component to exercise which provides a unique opportunity to see results from your workouts faster.
