Annual Community Benefit Report YMCA OF THE FOX CITIES

The YMCA of the Fox Cities is committed to strengthening community through programming that supports youth development, healthy living and social responsibility. Our mission guides us in all we do and compels us to embrace, reflect and celebrate the richness of diversity within each other and our community.

Youth Development

In early childhood and school age programs at the Y, more than 3,000 children learn the skills necessary to be successful in school.

Healthy Living

Our Ys offer youth and adults programs that empower them to become their best selves by offering instruction and support.

Social Responsibility

At the Y, we believe in membership for all. That is why we provide financial assistance to community members in need so that no one, regardless of their financial circumstances, can participate in membership and programs at the Y.
