WHAT IF YOUNG PEOPLE RAN THE GOVERNMENT?

At YMCA Youth in Government, they do!

What is Youth in Government?

Youth in Government is an extracurricular, hands-on, civic education program where students in grades 7-12 learn how to be civically engaged in a nonpartisan way.

Local delegations begin gathering in the fall. Students research topics and prepare for presentations for the Model Government Conference at the State Capital.

Youth in Government takes a hands-on approach to involving students in the executive, judicial and legislative branches of government. This includes media which gives students experience in sharing political news in a variety of forms of multimedia.

Important Dates

October 22, 2025 - State Registration Opens

January 31, 2026 - Pre-Gov, Green Bay

March 6 - 8, 2026 - Model Government, Madison
