

## **Camper Arrival and Departure Procedures**

To make the drop off and pick up run as smoothly as possible, please read through these changes and be ready to follow the guidelines listed below. These procedures affect both campers dropped off/picked up at camp as well as those campers riding the bus.

### **Camper Check-In (Drop Off at Camp)**

If you are planning to drop your child off at Camp Nan A Bo Sho there will be a few guidelines we ask you to follow. Please be patient during this process, we can only greet so many vehicles at a time.

Upon arrival, staff will greet vehicles and direct campers and parents to check in on the porch of the Welcome Center. A staff member will then check which cabin the camper will be in, as well as confirm pick up details. Following check-in, campers will then be given a brief health screening.

At the health screening station, each camper will get their temperature taken and be asked a few questions about their general health. Once it has been verified they do not have a fever or any COVID19 related symptoms, campers can proceed to their cabin.

You can then unload luggage from your vehicle and campers can begin moving into their cabin. A staff member will help direct you to your camper's cabin. You can accompany your camper to their cabin, but please remain outside in order to avoid overcrowding inside the cabin during the move-in process.
